(4×2=8)

Case Study:

11. During break, Rahul wanted to play on the swing. He stood in the queue and waited for his turn. Some children were pushing each other, but Rahul chose to play carefully and follow the playground rules.

Questions

1. Why did Rahul stand in a queue?
 2. What were some children doing that was unsafe?
 3. What might happen when children push each other on the playground?
 4. What does Rahul's behaviour teach us?
12. Riya's family installed solar panels on the roof of their house. They use sunlight to generate electricity during the day. Her grandfather explained that some resources can be used again and again because nature replaces them over time.

Questions:

1. Which natural resource is being used to generate electricity?
2. Is sunlight a renewable or non-renewable resource?
3. Why can sunlight be used again and again?
4. Name one more renewable resource.

ALL THE BEST
