11. Green Valley is a beautiful village surrounded by hills. A river flows through the village and provides water for farming. Birds, animals, and people live happily together. The villagers plant trees and use clean energy sources to protect nature.

Questions:

1. Name the domains of the Earth represented in the passage.
 2. Which domain does the river belong to?
 3. Mention any two living things from the passage.
 4. How do the villagers protect the environment?
12. While preparing for a geography quiz, Aarav observed that some imaginary lines circle the Earth from east to west. His teacher explained that these lines help us know whether a place lies north or south of the middle of the Earth. He also learned that the Equator is the most important of these lines and divides the Earth into two halves.

Questions:

1. Which imaginary lines was Aarav learning about?
2. What do these lines help us find?
3. Which is the most important latitude?
4. What does the Equator divide the Earth into?
