Case Based Questions:

19. Read the case/source given and answer the following questions.

"A Problem in Green Nagar"

Green Nagar is a small town where people were facing a big problem – the streetlights were not working for many days. It became difficult for children to walk to evening classes and for elderly people to walk safely on the roads at night. A group of children from Green Nagar decided to write a letter to the Municipal Corporation. They also met their Ward Councillor and explained the problem. Within a week, the streetlights were repaired.

1. What problem were the people of Green Nagar facing? 1
2. Whom did the children contact to solve the problem? 1
3. What action was taken after the children reported the problem? 1
4. What does this case tell us about how local government helps citizens? 1

20. Read the case/source given and answer the following questions.

Sunpur is a small village that used to have enough water for farming and daily use. But this year, there was very little rainfall. The ponds dried up, and the crops began to wilt. The village head called a meeting and asked everyone to help save water. People stopped wasting water, used buckets instead of pipes, and started collecting rainwater using tanks. Soon, the situation improved, and they had enough water for daily needs.

1. Which natural resource was becoming scarce in Sunpur village? 1
2. What steps did the people of Sunpur take to save water? 1
3. Why water is considered a natural resource? 1

4. What lesson can we learn from the people of Sunpur?

1
